

ENERGY EXPO 2009

CII's 4th International Exhibition
9 - 11 October 2009
Ahmedabad | India

"Uninterrupted Power will Develop India uninterruptedly" ...

RETROSPECT

CII's 4th edition of Energy Expo 2009 was successfully organized between 9-11 October 2009 at Ahmedabad, under the Chairmanship of Mr Sudhir Trehan, Managing Director, Crompton Greaves Limited.

The theme of the Energy Expo 2009 was "Sustaining Growth Future of Indian Power Sector". The event was supported by Ministry of Power, Government of India and Government of Gujarat was the Host State .

The event was inaugurated by Mr. S. Jagadeesan, Principal Secretary, Energy and Petrochemicals Department, Government of Gujarat, Mr. Sudhir Trehan, Chairman, CII's Energy Expo 2009 & India Energy Conclave 2009 and Managing Director, Crompton Greaves Ltd., Mr. Pranav Adani, Chairman CII Gujarat State Council and Managing Director, Adani Wilmar, Nitin Shukla, Group Chief Executive Officer - Shell Hazira Gas, Dr. Naushad Forbes, Chairman, CII Western Region and Director, Forbes Marshall.

The exhibition also showcased the latest and emerging technology for this segment and focused on diverse areas like clean and green energy, transmission, distribution, renewables, non-renewables, packaging alternative sources of energy installations among others. Energy Expo 2009 provided an exclusive and distinct platform for gaining knowledge and better interaction. CII's Energy Expo was a logical step in throwing light on issues such as resource augmentation and growth in energy supply.

Energy Expo 2009 received an overwhelming response and was sponsored by the leaders in the Energy sector including WinWinD, Suzlon, ACME, Aggreko, Quippo Rental Energy, Forbes Marshall Enercon India and Adani Power.

The exhibition this year witnessed active participation from more than 110 companies like ABB, Crompton Greaves, Vestas Wind, Max Watt Energy, Kenersys, GEA Ecoflex, Regen Powertech, Clarke Energy, Kawasaki Turbines, DB Power Electronics, Petronet LNG, GSPC, GEDA, GUVNL, Elecon Measurements, Industrial Boilers, Gujarat Paguthan Energy, Tata BP Solar, Moser Baer, GMMCO, MTU Turbines, Ghodawat Energy, Strack GmbH, Germany, Tesy SRL, Italy, to name a few.

Gujarat has shown a unique and successful example by unbundling its power companies into seven different companies. Such reforms and determination of the state government to be self sufficient in power sector makes Gujarat one of the most attractive states in India in terms of opportunities.

HIGHLIGHTS OF ENERGY EXPO 2009

- ❖ Exhibition witnessed a huge gathering of over 110 exhibitors from India and Abroad.

- ❖ Business enquires of over Rs. 100 Crores was generated.
- ❖ 85% of the visitor profiles comprised of decision makers
- ❖ Business delegation from China & South Korea.

INDIA ENERGY CONCLAVE 2009

Concurrent to Energy Expo 2009, there was a high profile conference titled "India Energy Conclave 2009" which was attended by over 275 top captains of the Indian Energy Industry and it was addressed by galaxy of speakers and key officials from government, who presented their perspectives on the future growth of the industry.

Theme of the India Energy Conclave 2009 was "Changing Outlook for the Indian Power Sector and Winning in the Future Power Markets in India."

The Indian power market is evolving rapidly from a "nascent opening" market phase to a "developing" phase. The power demand in the base case is expected to grow at a steady 7.5%-8% CAGR till 2017. Further, the low "power penetration" levels indicate large latent/unmet demand. The power markets will have to achieve consistent high growth rates to bring our per capita consumption to comparable levels of some of the other countries. We believe that rate of infrastructure development and government led reforms would have a significant bearing on how far these developmental aspirations are achieved.

Energy Expo 2009 and India Energy Conclave 2009 international exhibition and Conference also witnessed an exclusive report Release of **CII- A T Kearney Report on "Sustaining Growth Future of Indian Power Sector."**

PARTICIPANT SPEAK

- “Energy Expo 2009 and Energy Conclave 2009, exclusively focused on key issues of the energy sector including, Power, Coal, Energy Conservation, Renewable Energy, Power Transmission & Distribution. Event had been successful to bring Government and the Private Sector on one platform to showcase the progress made and deliberate the potential opportunities and challenges faced by industry for creating the roadmap for sustainable growth and development of the nation.”

D. Alok, Head Business Development Gujarat, **Suzlon Energy Ltd.**,
- “Energy Expo has gained enormous stature as kind of wholesome energy event that brings number of stakeholders together. Knowledge sharing has become the key deliverable of this event based on its ability to attract experts. Lastly, it is organized very well keeping highest standards of business.”

Hemant Pincha, Managing Director, **Quippo Energy Pvt. Ltd.**
- “It was overall a pleasant exhibition and a very nice experience. CII as usual has done an excellent job in pulling in industry crowd and making Energy Expo 2009 a successful and grand event.”

B. Chandrasekar, VP Sales, **WinWinD**
- “Good turn out of visitors at exhibition & delegates at conference. Impressive profile of the exhibition, positive and constructive ideas were shared at the conclave. This event could turn out to be a major event for the Indian Energy sector.”

Prathap Joseph, Divisional Manager -Investor Sales EPD, **GMMCO- Chennai.**
